100 Dollars Reward.

I WILL give the above reward to any person who will return to my possession, negro LAWRENCE, who assumes the sirname of FENWICK. This fellow left my farm, on the Wicomico river, in Charles county, Md. on the 6th July, in consequence of his own outrageous conduct towards my overseer. He is a negro of a fine erect figure, good features, a smooth black skin, rather above the middle stature, of a youthful appearance for one of thirty years of age, and of great plausibility and natural smartness. His ears grow remarkably close to his head, and on the inside of his lower lip he has a white mark or spot. I purchased him 4 years ago of the estate of Mrs. P. H. Courts, of this county. I am led (by circumstances which have come to my knowledge since he absconded,) to believe that he will endeavor to make his way to King George county, Va.; should he not take this route, he will probably be met with in the District of Columbia, or in the upper counties of this state, on his way to Pennsylvania. I apprehend he will change his name, and if committed to jail, refuse to state to whom he belongs, as the misconduct which preceded his departure, & his absconding, have all appeared since to have been premeditated. He took all his clothes with him, of which he had a large number; among them—a new bear-skin over-coat, a long close-bodied blue coat, a pair of striped jean pantaloons, one or more white waistcoats, besides many articles of coarse cloathing; these, however, he will probably exchange, or sell them for cash to defray his travelling expenses.

I will give the above reward to any person who will bring him home to me, or *FIFTY DOLLARS* if confined in jail, and notice given me, so that I recover him.—Should he be taken out of the state, I will also pay all reasonable costs and charges which may attend the bringing him home.

Notice,

To Wheelwrights, Blacksmiths, Tanners, Harness-Makers, Saddlers, Hatters, &c.

BELIEVING as I do, that PROVIDENCE, at Fairfax Court-House, would be a suitable situation for mechanics of the above description, I offer to such, lots in that village for sale, on ground rent for ever—will build and furnish suitable houses and rent to them, or furnish brick to them to build with; and invite any who feel disposed to settle there, for the purpose of carrying on their respective trades to advantage, to come and view the situation. It is a very public place, the centre of the county, where the superior and county courts are held. The Little River Turnpike Road passes through this little town from Alexandria westward, and where all the public meetings for the county, &c. are held; and where trades of the aforesaid description being carried on, would meet with great encouragement, and be a public convenience to the country around. No situation can be more healthy—good water, and fire wood cheap. Mechanics of the above description must generally depend on the country people, farmers, &c. to be their customers. Here they would be in a convenient situation for all the purposes. I invite a call, and view for themselves. I would also furnish lots adjacent, from one to five acres each, for cultivation, pasture, &c. on moderate terms; all of which can be shown, and terms made known, on application to RICH'D. I have every reason to believe that he is endeavoring to pass for a free man, and as such went off in some of the bay craft during the late fishing season. All masters of vessels are forewarned from harboring or taking into their employ said negro, under penalty of having the law rigidly enforced against them. THE subscriber has now for sale a number of the most valuable tracts, in both of those rich and improving bodies of lands, and can supply applicants with any number they may wish, and in any part of either territory. Every person who visits the Western Country, particularly those who intend settling there, should take with them a few quarter sections of those lands; every man who has a young and growing family, and can spare a few hundred dollars, should not miss the present opportunity of getting some of those lands; as it will insure to his children a greater certainty than any other investment he can possibly make for their benefit.—From the immense emigration to both Illinois and Missouri, particularly to the military lands, it is certain there must be a great rise in the price very soon, and those who miss the present opportunity, will never again have a chance to do so well. The patents will be sold very low, for cash, good notes or bonds at short dates, or bank stock in the Central Bank of Georgetown and Washington, and the Farmers' and Mechanics' Bank of Georgetown. GAZETTE
AND
Alexandria Daily Advertiser.

PUBLISHED BY
SAMUEL SNOWDEN,
ROYAL-STREET.

Daily Gazette, 7 dolls...Country, 5 dolls.

SATURDAY, AUGUST 14, 1819.

Mr. Snowden,

Although it is now reduced to a certainty that the Yellow Fever prevails in a neighboring city, with which we can have an almost daily intercourse, I do not learn that any measure of precaution has been taken to ensure the safety of our citizens. Is it because we are invulnerable to disease that we do not fear its attacks? or does the new fashioned economy of "*holding in at the spile and letting out at the bung*," withhold the means of guarding against it? If the latter, I would recommend to omit the ceremony of lighting the moon for a few nights: the splendor of her full orb has for several nights past made our lamp-lights hide their *diminished heads*. The saving in this item alone would more than pay all the expenses of a Board of Health for the season of danger. SALUS.

Mr. Snowden,

The melancholy fate of the young emigrant recorded in your paper of yesterday, must excite feelings of deep commisseration in the coldest bosom. It is not, however, by the indulgence of a morbid sensibility, that we can fulfil the divine precept, which teaches us to "*feel another's woe*," or wipe from our land the foul stain impressed on it by suffering the stranger, who had fled to it as the assylum of oppressed humanity, to perish of hunger.—Among the hundreds daily arriving on our shores, many will be found whose last shilling has been expended in procuring the means of transportation, and who, disappointed in the hope of obtaining immediate employment, must rely on the bounty of strangers to save them from the fate of the unfortunate Duffin. Of those, the most worthy will be the least forward to become supplicants, and therefore the most likely to suffer.

An association of benevolent persons, for the purpose of supplying the immediate wants of destitute emigrants, and directing their efforts, to procure future subsistence, into the most proper and useful channels, would probably be attended with the happiest results in the attainment of its object, without imposing too heavy a tax on the purses of its members. Such associations, particularly in our southern seaports, by directing the course of emigration to them, and thereby introducing a substitute for the labor of negroes, would be materially in aid of the views of the Colonization Societies, and would doubtless receive their hearty co-operation.

With no object in view but that of ameliorating the condition of my suffering fellow beings, I have hastily sketched the preceding remarks, which (unless some more unoccupied and intelligent correspondent shall propose a better plan) shall be followed by a subscription paper, deposited in your office, which, I have no doubt, will receive the signatures of *many* friends of HUMANITY.

The truth of the discovery of the English Tienon, who cured madness, or the Hydrophobia, by bleeding the patient till a swoon took place, has been confirmed in Germany, where a practitioner saved by such means a woman who was bitten by a dog, and labored under a high degree of the distemper. MORE OF THE PIRATES TAKEN.

John Furlwig and *William Smith*, two of the crew of the sloop *Lawrence*, engaged in murdering the crew of the brig *Ann*, have been apprehended and lodged in the jail of Savannah. They were found in the marsh near that city. It is said that they are the ringleaders, and that the former shot the captain, and the latter the cook, of the above brig. Two others were also at the same time, and have been examination.

the Lawrence, who are at present confined in the jail of this city, attempted to escape from thence on Thursday evening, by making a passage through the upper ceiling. Their design, however, was fortunately frustrated, and a large number of instruments, used for the purpose, taken from their possession. [*Patriot.*

From the Western Sun, July 17.

On Wednesday of last week came on at Palestine, Crawford county, Illinois, before the hon. J. C. Brown, one of the judges of the supreme court of Illinois, the trial of three Delaware Indians, viz: Killbuck, Captain Thomas, and Big Panther, for the murder of Mr. M'Call in March last. The prosecution was conducted by G. R. C. Sullivan, esq. who opened the cause in a very feeling and well delivered speech to the jury; and the defence was most ably maintained by John Law, esq. of this place, and the hon. R. Daniel, of Princeton, in a manner which did great credit to those gentlemen. The jury retired on Friday evening, and in about two hours returned with a verdict of guilty against all three. A motion in arrest of judgment was made by the defendant's counsel, which was sustained by the court; and the grand jury not having been discharged, a new bill was found against Killbuck alone, who was tried again on Saturday, found guilty, and sentenced to be hung on Wednesday of this week. They also presented Thomas and Panther, but their counsel having made a motion to continue the trial of these two until a regular term of the court, it was sustained.

Panther and Thomas made their escape on Saturday evening—and we have since understood that Kilbuck has also escaped; whether through the negligence or design of those who were placed to guard them, is yet to be determined. We have further understood that Killbuck will be demanded of the tribe through the proper authority.

The following is a copy of a letter from Palestine, dated 13th inst. to a gentleman in this place.

"Dear Sir—I am sorry to relate that last night Killbuck was let loose by the guard. I have not seen the sheriff yet, but I am certain it was a made up plot."

New-York, August 7.

A letter yesserday received by a gentleman in this city from a correspondent on Red River, says, "two grand expeditions are now underway for the Spanish country—300 families are now making ready to take possession of that part of Red River within the Spanish lines, (as fixed by the late treaty) and which come within ten miles of my plantation. Another is also making up to take possession of St. Antonie under the command of a General Long."

We are indebted to an obliging friend for the following document:

Valparaiso, May 7.

"On the 28th February, Ld. Cochran made an attack upon the armed ships and batteries at Callao, with the frigates O'Higgins and Lautaro, and retired after an engagement of 2 hours, with the capture of an armed launch, and some damage to the enemy's shipping, besides killing and wounding a number of their men, his loss inconsiderable.

He had taken possession of the island of San Lorenzo, and at the last accounts received here of him, and which reach to March 25th, he had taken about half a dozen of vessels of small value, of which he had made 2 fire ships, a bomb vessel, and 2 explosion vessels. The squadron off Callao consisted of the General San Martin, of 60 guns, the frigates O'Higgins and Lautaro, and corvette Chacabuco. They must have been joined soon after by the Galvino and Puerredon brigs of war, as an attack had been meditated some days, but his lordship had not been able to make it for want of wind.

LATEST EUROPEAN NEWS.

By the ship Higson, from Cork.

We are indebted to the polite attention of capt. Johnson, for a file of the *Cork Reporter and Commercial Courier*, from 1st May to 17th June inclusive, *Carrick's Morning Post*, the *Dublin Correspondent*, *Taggart's Mercantile Journal* of 19th and 21st June, and London papers from 12th to 17th June, from which we have made the following hasty extracts—being the most important that the latest dates present.

An article from St. Petersburg of 21st May, says—"Some personages of distinction think that the Emperor will again make a long journey in the course of this summer, with the intention of conferring with his august allies on the present state of Europe.—There is a rumor of California having been ceded to Russia—but it comes by the circuitous route of Canton."

A London paper of June 11th, says—"The American papers mention, as a report, that the Island of Cuba has been ceded to England by Spain. Should this report be founded on fact, it would explain the conduct of ministers in bringing forward the foreign enlistment bill."

A Dublin paper of June 11, says—"We have assurances in various shapes, from London, that the favorite divorce project of an illustrious personage will certainly be brought under the consideration of parliament before the close of the session.—One of the papers, in adverting to the rumors which are circulated relative to the business, points at the recent invitations of some of the leading opposition members to Carlton-House. But the *Morning Chronicle* asserts that for these civillities "there was no political motive whatever."

London, June 17.

We received yesterday the Paris papers of Sunday last. In the Chamber of Deputies on Saturday, another petition was reported upon from M. Pourée, a captain on the retired list, praying that he might not, under the new regulations (preventing an individual from holding more than one pension,) be deprived of a pension of 600 francs, which had been granted to him for saving Bonaparte from assassination on the 19th Brumaire, year 8. The Commission of Petitions proposed to add an article to the Finance Law, which would have the effect of excepting the Petitioner from the operation of the regulations. Upon this proposition, the order of the day was moved, and also the adjournment of the consideration of the recommendation of the Committee; the Chamber became the scene of much tumult and agitation, the impatience or irritability of members on either side scarcely allowing their opponents to speak; the order of the day was at length negatived, and the adjournment agreed to, together with the printing of the report of the committee.—The discussion was then resumed on the Budget of the Finance Department, which, after continuing through the sitting, was again adjourned till Monday.

The King on Saturday transacted business both with the Marquis Dessolles and the Minister at War.

From Madrid, the 25th ult. it is stated, in speedy contradiction to a former story that the Spanish government had completely failed in its negociations with the Republic of Buenos Ayres.

In one of the Journals an extract of a private letter from Rome is given, dated the 27th ult. which after referring to the stay there of the Imperial Court of Austria, has the following paragraph:—

"Her Imperial Highness, Maria Louisa, Archduchess of Parma, came to the gates of Rome, without entering the city; she did not pass beyond the cascades of Terney, where she remained two days. Some trifling occurrences, of sufficiently scandalous character, invented by the liberal sect, which happened with respect to her during the period when she was near Bologna with the Emperor, has prevented us from seeing her here. We ought to add, that these transactions have been repressed, and the authors severely punished."

French 5 per cents.—Saturday, 68f 20c—Deferred Stock of the 22d March, 1817, 88f 75c—22d Sept. 1817 88f 75c.—22d March, 1818, 84f. 75c.—22d Sept. 1818, 82f. 75c,—22d March 1819, 80f. 50c.

Our readers will see that the Chancellor of the Exchequer made last night a more explicit declaration as to his hope and belief, that the present would be the last loan required to be raised during the continuance of peace;—and on this account he did not think it necessary to alter the course which had so long been practised, with respect to the allowance to the bank, for the charge of management of the present loan.

We copy the following from the Cork Mercantile Chronicle of June 17.

FRANCE.

The *Quotidienne* asserts that all the English officers now at Paris have received orders to return to England.—"Different reasons are given for this order—some attribute it to the necessity of sending out troops to the Cape of Good Hope, others to the necessity of completing the regiments in Canada, *owing to serious difficulties which have arisen between the Cabinets of St. James's and Washington.* Among other rumors of trouble, probably quite as well founded, it is said that a marked coldness has arisen between the cabinets of Berlin and St. Petersburg, which promises to end in the formation of a close alliance between Austria, Prussia and England."

Several parts of France have been devastated by tremendous storms. In one place 85 houses have been destroyed by lightning. On the 21st ult. a tempest, accompanied with hail, thunder and lightning, ravaged upwards of fifty communes. But a still more dreadful scourge threatens to destroy the harvest of the whole department of Arles, which held forth the greatest promise. Hosts of locusts appeared on a sudden, and covered the land. The inhabitants went out immediately to protect their fields, but though they collected as much as 57 quintals of these devourers every day, the number did not seem decreased.—They were as yet small, but their devastations were most alarming, and it was apprehended that the heat would enlarge both their size and numbers. They had only attacked the grass, but the corn was expected to fall next a prey to their rapacity.

EUROPEAN MARKETS.

[We extract the following from a notice of the *London Market, June 11*, given in the Cork Mercantile Chronicle, of 17th June.]

Quercitron Bark, 18s per cwt.; salt-petre, refined, 42s per cwt.; iron, Swedish, 18l 10s; English bars, 13l 10s per ton; oils, rape, 44l to 46; linseed, 42l; seal, 36l; cod, 38l per tun; coffee, Jam. good quality, 98s to 124s per cwt.; rice, new, 38 to 47s; sugars unusually low, and teas uncertain; cotton, Sea-Island, 2s 2d to 2s 10d; N. LONDON CORN EXCHANGE—JUNE 11.

Although the supply of wheat this morning, was but small, it was fully adequate to the demand, yet picked samples of our growth obtained Monday's prices, but all other descriptions are 1s. per quarter lower. Fine fresh oats went off rather freely on full as good terms as on Wednesday, but the stale and inferior qualities are 1s. per quarter cheaper, and very dull state at that abatement. In barley, beans & peas, there is no alteration.

Belfast, June 17.

Since our last we have few changes to advise in merchandize. Business of every description dull; and, as we before stated, an improvement must first take place in England, before we can expect a revival here. However, we feel confident in stating, that this town has suffered less from the pressure of the times than any other in the empire, of the same extended trade.

Butter 100s. per cwt. and in good demand, and every prospect of a most abundant harvest.

Grain looks up in Ireland, but a reduction in price may be daily looked for.

Teas, in good demand, on account of the additional duty; and the article, by referring to our quotations, will be found very reasonable.

An auction sale took place last week of pot ashes and Alicant Barilla. A few lots only were sold, when the sale was stopt: the latter sold at 40s. 6d.; the former at 47s. 6d.

In our next we expect to give a schedule of the new duties. The articles of taxation will be more numerous than generally expected.—The addition on coffee will be 4 3-4d; on tobacco 10d; pepper 2d, and teas about 2d per lb.

Glasgow, June 14.

In our Raw Sugar market there has comparatively been little done since our last, and holders have rather slackened their demands both to Grocers and Refiners.—Ordinary Br. Demeraras, 58s to 59s, Good Brown 60s to 62s—Ordinary Brown Jamaica, 60s to 61s, Dry Brown 60 to 63s.—Low Scale Trinidads, 64s to 66s. Middling, 67s. to 68s. Good Middling to good Scale, 70s to 72s, Fair 75s to 78s. and approaching to Fine, 82s to 85s.—Of Good Sugars the selection is small, and prices higher in proportion—Brown qualities are still heavy of sale. In Refined Sugars no alteration. Molasses are 32s. to 32s 6d.—Brown Candy, 12½d to 13d. per lb.

No sales effecting in Coffee, and prices entirely nominal. Rum is equally uncertain, though apparently reduced—and in Brandy or Geneva we know no transactions.

Cotton Wool is heavier of sale, and declined since our last. Sea Islands, fair to good, 2s 2d to 2s 4d—Fine 2s 5d to 2s 6d—Boweds, fair, 12d to 12½d—Fine 12½ to 13d.—Orleans, fair to good 13½d. to 14d.—Fine 14½ to 14¾—Demeraras middling to good, 16d to 17d. best 18d. to 18½d.—Pernams, 19d to 19½d.—Maranhams, 16d to 17d.—Bengals, 6d to 7d.—and West Indies 13d to 13½d. per lb.

Corn markets are rather improved for Wheat and Oats, and more business doing in the latter:—Prime Limeric Oats are dow 19s to 19s 9d.—Good Drogheda, Dundalk and Newry, 16s 6d to 17s per 264. lbs. Good Irish Wheat, 32s 33s—Canada 31s to 32s. per 240 lbs.—British 33s. to 34 shillings.

Irish Provisions rather dull.—Prime Pork Sligo cure, 80s to 82s.—Belfast, 75s to 78s per barrel.—Prime, Belfast Beef 85s to 88s per tierce: barrels, 59s to 60s. Dry Hams, 52s to 53s.—Bacon scarce, at 54s to 55s.

Canada Pot Ashes retail at 41s to 42s.—some effected at 37s to 38s. Cod Oil is 38l to 40l. Whale Oil, 33l to 34l per ton.—St. Petersburgh Clean Hemp, 46l to 48l. Dyewoods still neglected. Tobaccoes are lower, and may be quoted at 8¼ to 9¼ for Good to Fine Virginia.

Prices of English Stocks, June 18.

Bank Stock, 220; 3 per cent Red. 68 5-8 3-4 1-3 1-4; 3 per cent. Cons. shut; ditto for Acc. 69 1-2 3-8 5-8 69 9 ¼ 69; 4 per cents. 86 5-8 3-4 3-8; 5 per cents. shut; Omnium, 1-8 dis. 1-4 pm. 3-4 dis.

London Corn Exchange, June 18.

We have had no arrivals since Monday, and there appearing many buyers at market, wheat was extremely brisk this morning on rather better terms than on that day. Barley is also looking up, and fully supports Monday's prices. Fine fresh oats sold on fully as good terms as on last market day. In beans, peas, and other articles, there is no alteration.

London, June 11.

The quantity of coffee brought forward by public sale has been very extensive, rather exceeding 950 casks and 770 bags.—Dutch coffee has sold dearer, as the trade are buying freely, before the reported rise in the duty is exacted. The good middling 114s to 119s 6d; middling 105s to 107s 6d; middling and fine ordinary Jamaica 89s 6d to 110s 6d; good ordinary 84s to 88s 6d. Of foreign coffee 1496 bags and 22 casks sold, viz. St. Domingo 90s 6d to 91s; Havana, 88s to 91s per cwt.

This day the demand has become very lively, 100 bags Brazil sold as high as 93s.

Plantation sugars very dull of sale.—Fine quality continues to demand high prices.

53 casks and 324 bags Italian rice offered by public sale, but withdrawn at 13s 6d per cwt.

1000 bags and 43 barrels pimento have been sold by public sale this week as follows, viz. good and fair quality, 6 5-8d to 7d per lb. ordinary quality 6d to 6½d. damaged 5½d to 6 1-8d. per lb. Ginger continues in limited demand—40 barrels white Jamaica ginger, good quality, sold by auction at 5l. to 6l. 10s. per cwt. 34 bags offered yesterday, but there being no bidders, the whole were taken in at 5l. per cwt.

Black pepper rather lower. It is very doubtful if the advance in the duty will affect this article.

The sale of Tea at the East India House was postponed on Monday, in consequence of a supposed addition to the duty of four per cent. A deputation of the Tea dealers will wait on the Chancellor of the Exchequer this day, to enquire if the additional duty will affect the present sale. Nothing is doing by private contract, and the prices are uncertain. It is not altogether the additional duty that affects the price of Tea, but chiefly the commencement of the new duty.

Calabria, Spanish, Barbary, and Lucca Oil 1l to 3l per ton cheaper. The price of Gallipoli Oil nominal—holders are asking 90l, but the present value is about 82l per ton.

At our Corn Exchange on Monday, the supplies were rather scanty. Owing to the promising appearance of the crops. *English* Wheat declined 2s per quarter. In foreign so little is doing, that the prices are nominal. Fine Barley 1s, and Grinding Barley 2s per quarter dearer. English Oats move off slowly at a small advance. In foreign no alteration.—Rape Seeds 7 per last cheaper.

There is every appearance that the importation of Oats, Barley, and Pease, will be prohibited, after the 2d July, from all places between the rivers Eyder and Bidassoa.

At a public sale of Irish Provisions on the 9th inst.—373 firkins of Belfast Butter, first quality, 84s. to 88s. per cwt. 2nd 75s. to 76s. 3d 67s to 69 s.—140 Newry, 1st quality 82s to 83s, 2d 77s to 78s—75 bales signed Waterford Bacon, 62s to 66s, 87 bales good ditto, 67s. 6d. to 69s 6d, 45 ditto inferior, 47s to 48s 6d, 40 bales prime Scalded Bacon 66s to 67s, 42 bales Belfast middles, 64s 6d—53 Cheshire Cheeses, 71 to 73s per cwt. 79 thin Glocester ditto 34 to 43s.

During the late hot weather, Joseph Bonaparte lost three of his horses while travelling between Bordentown and New-York.

The merchants in the adjoining counties in Virginia will find it to their advantage in buying stone ware from him, as he is determined none shall sell lower than he does, his prices being at this time from 20 to 30 per cent. lower than they are in Baltimore; and he will warrant his ware to be of a good quality, which has been acknowledged by the very best judges of that article.

100 Dollars Reward.

RAN AWAY on the 25th of April last, a man called NED, formerly the property of Mr. Fitzhugh, of Fairfax, and by him sold to Hepburn & Dundas. He had on when he went away an old country blue and white cloth coat, and kersey trowsers—his right hand in a sling, in consequence of the kick of a horse. Ned is a stupid looking fellow, and hesitates very much when he speaks. I will give fifty dollars if apprehended in the District, or the above reward for apprehending him out of the District, so that I get him again.

Lands for Sale.

BY VIRTUE of a power of attorney from William S. Courts to the subscriber, will be sold at public sale.

On WEDNESDAY, the 18th AUGUST, in Port Tobacco, that valuable tract of land whereon John H. Barnes at present resides called

Whitland and Cole,

lying and being in Charles county Maryland, containing between three and four hundred acres. This land is handsomely situated, lying immediately on Matawoman Creek, at least one third of which is in wood, with a sufficient quantity of marsh land for grazing—that part of the land which is in cultivation is well adapted to the growth of corn, wheat and tobacco, and with proper care would be equal, if not superior to any land in that neighborhood.

ALSO,

At the same time and place, will be offered for sale the plantation at present in the occupancy of Francis & Sam'l Wheeler, lying about one mile from the above place, containing about four hundred acres. As it is presumed that persons wishing to purchase will first view the premises, it is thought unnecessary to give a more particular description thereof. The terms of sale will be as follows: viz. possession given on the first day of January next, at which time one third of the purchase money will be required, the remaining two thirds at one and two years the purchaser giving bond with approved security with interest.—Upon the payment of the whole purchase money, a sufficient deed will be executed to the purchaser.

JOHN HOPKINS

Hill and Dale, April 20.

Gunston for Sale.

THIS elegant estate is situated on the Potomac, 16 miles below Alexandria—it is bounded on three sides by the Potomac and Pohick creek, and contains nearly 3,000 acres of land, level and fertile, to which are attached six shad and herring fisheries, two of which command the river channel. This land will be laid off in four tracts, so as to have one or more fisheries to each; these tracts will be again divided if requisite. This estate is level and beautifully situated, very fertile, and remarkably healthy. Plaister acts with an effect equal to that of any part of Virginia or Pennsylvania.—I have used 500 bushels in twelve months, and such is its beneficial operation, that were I to keep this land I should considerably increase the quantity. A manufacturing mill is distant about two miles, on a stream navigable for vessels carrying 1200 bushels of wheat, where the Baltimore and Dist. of Columbia prices are given for grain: being bounded on 3 sides by water, a small extent only of fence is necessary to inclose the whole: it would be admirably adapted to grazing. The improvements are a large and very

substantial brick mansion, 40 by 70 feet, with every necessary outhouse, three commodious barns, houses for Negroes, and fish houses at each of the fisheries. 120,000 bricks and 1000 bushels of lime are just burnt on the premises. There is a considerable extent of live fence, both useful and ornamental, two orchards of well selected apples and peach, besides an abundance of other choice fruit. More than 150 acres are in clover, 200 in corn, and land is in preparation for sowing 250 bushels of small grain. Any quantity of hay can be cut from the low grounds, some of which (and all might,) have been reclaimed at a trifling expense. The river and creeks, abound with wild fowl, particularly canvass backs, the woods with deer and a variety of other game. Mules, cattle, highly improved sheep, farming utensils and household furniture can be had. The terms of sale will be accommodating. Property in any of the cities, negroes, bank stock, western lands, or lands near the Ridge, will be taken in payment.—Letters must be addressed to me at Pohick Church, Fairfax county, Virginia.

S. Drew, Merchant Tailor,

Removed from Fairfax-street to the corner of King and Columbus streets, and his prices falling

RESPECTFULLY acquaints his customers and the citizens in general that he has removed as above, where he will study to give satisfaction. He has by him a small but well assorted stock of goods, which will be found on inspection to be of the best quality, the whole of which he wishes to sell low for cash, and as further inducements to purchasers he offers to cut out any goods, bought of him to any size or pattern gratis.

S Drew aware, of the advantage a ready money business has over one where long credit is given, thinks that a distinction ought to be made in the prices in each case: and as the price of provisions are low at present, he is glad to be able to announce to those customers who will feel disposed to pay him ready money for his work, that he will reduce the price of making to them according to the present journeymen's wages; and to prevent any supposed imposition on the one hand or disatisfaction on the other he is willing to be goverued by the printed regulations of prices by which the journeymen are paid in Alexandria.

N. B. Bread, flour, beef, groceries, liquors or any thing valuable taken in exchange for clothes.

S. Drew has this day opened a tavern in the same house, where he has laid in a a supply of Philadelphia and the district porter and ale, together with liquors of the best quality, and he feels confident that he shall be able to give satisfaction to all who will please to favor him with a call.—He is fitting up his house for the accommodation of boarders, travellers, &c. and from its central situation, good beds and stabling, together with other requisites, he presumes that it will be found a convenient establishment. may 25

PROSPECTUS

Of a new periodical work to be published in the city of Washington, entitled the

Washington Theological REPERTORY.

EDITORS. { Rev. Wm Hawley, Washington,
Rev. Wm. H. Wilmer, Alexandria,
Rev. Oliver Norris, Alexandria,
Rev. Reuel Keith, Georgetown.

Assisted by several other literary gentlemen of the Protestant Episcopal Church.

IF any apology were necessary for this undertaking, it may be found in the fact, that there is no publication on a similar plan, in all that section of our country lying south of New-York, and but one in the whole of the United States. It has been matter of equal surprize and regret, that the Episcopal Church should be so far behind other Christian denominations, in similar efforts to disseminate the principles of religion and piety. At a period like the present, when the Lord is preparing his way on earth, by the most remarkable efforts of human agency, and the most wonderful operations of his providence and grace—when we perceive in every part of Christendom, a praise-worthy emulation to share in the glorious work of filling the earth with the knowledge of the only true God, and his Son Jesus Christ; it would seem criminal for any to withhold their exertions, however feeble, in the great enterprize of human happiness and salvation. The editors have, therefore, felt it their duty to make this humble effort to supply this acknowledged deficiency on the part of the church in this section of the country, and to bear their share in the common exertions of Christians to promote the Redeemer's Kingdom. And having obtained the services of a gentleman, in whose talents and principles they have confidence, whose time will be wholly devoted to the superintendence of the work, they feel encouraged to solicit the patronage of the public.

The publecation will be conducted under the immediate inspection and control of the above named editors, who will form a committee to review every article intended for publication. The principles upon which it will be conducted are those of the bible, as illustrated in the articles, Liturgy and Homilies of the Protestant Episcopal Church. As members of this church the editors will feel bound to support the Apostolical character of her institutions, the pious tendency of her rites and ceremonies, and the evangelical nature of her doctrines. But in these, and all other discussions, they hope never to loose sight of that great law of charity which teaches us to "preserve the unity of the spirit in the bond of peace."

Acting upon those catholic principles, so long and so successively pursued by "*The Christian Observer*," their chief object will be to inculcate sound theological knowledge, and to delineate and recommend pure and vital religion. They trust therefore, that while the members of every Christian denomination may find something edifying and instructive, none will discover any just cause for offence in the pages of this work. General subjects of biblical criticism, practical illustrations of scriptural truth, the biography of illustrious persons, evidences of the truth of revelation, essays on the history and polity of the church, reviews of interesting publications, religious, literary and philosophical intelligence—in short, whatever is connected with the promotion of religion, humanity and literature, will find a place in this repository.

The testimony of experience supersedes the necessity of dwelling on the advantages of a periodical publication on the plan proposed. Its obvious tendency will be to render the various departments of religious knowledge more easy and accessible, and give a more ready currency and wider circulation, to those great truths which involve the present welfare and future destiny of man.

It will tend powerfully to stimulate the exertions of the editors, and console them under the difficulties attendant on the prosecution of this work, amidst many other avocations, should it prove the means under the blessing of God, of enriching any of its readers with the saving knowledge of Christ, and prepare them for a participation in the felicity and glory of his heavenly kingdom. With this hope they commit it into his hands, and confidently solicit their brethren of the clergy and laity to assist them in carrying into effect the objects of the undertaking.

TERMS OF THE WORK.

A volume of the Repertory shall consist of twelve numbers, of which one shall be published on the first day of every month, containing thirty-two large octavo pages, stitched in blue, and attended with a table of contents.

The paper used in the work shall be good, and the typography executed with the greatest care.

The price of a volume is two dollars, payable in advance; to such as omit the advance, two dollars and fifty cents.

It is designed to enlarge the size of the work, without increasing the price, as soon as one thousand subscribers shall be obtained.

Communications and remittances may be directed to any of the editors, post paid.

Any person becoming responsible for five subscribers, shall receive a sixth copy gratis.

The first number may be expected in the month of July. June 26
